

The G.O.O.D.E. Foundation

(GIVING OTHERS OPPORTUNITY, DRIVING EVOVLEMENT)

Dear Friend,

The G.O.O.D.E. Foundation is writing you because, we as a staff, want to say how excited we are for you to open your heart to this new journey. We understand there are probably a thousand questions swarming around in your mind. What am I doing? Is this program really going to work? What if I can't finish? All of those questions are valid and real. Let us reassure you each one of us on this staff has had those same questions in some point of our lives. Honestly, we didn't know how it would turn out until we took the first step. Each step we took, God was with us and prepared us to take another step and before we knew it, we looked back over some areas in our lives and witnessed the victories. Well, my friend, God will do the exact same for you, He will strengthen you take the first step. Guess what, you are reading this letter, that's already a victory, you took the first step. Hallelujah! We know He will prepare you take the next one. God is not looking for perfection but a willing heart to say "yes" to His will.

The G.O.O.D.E. Foundation was established by us all taking a first step, a first step in trusting God to develop this program for you, a first step in believing in something we couldn't yet see and here we are taking the first step with you. God is faithful and He knows everything you have gone through, going through and will get through. He understands it hard to battle life on our own and that's why He sent the G.O.O.D.E. Family to you.

Welcome to the family and let us embark on this new journey together. Jeremiah 17:7 But blessed is the man who trusts in the Lord and has made the Lord his hope and confidence. (NLT)

Sincerely,

Patrice Harris, Founder

The G.O.O.D.E. Foundation
